KIDS & TEENS MEDICAL GROUP RECEIVES WIDESPREAD RECOGNITION FROM VALUED PARTNERSHIPS WITH L.A. CARE AND USC HEALTH BENEFITS AMONG OTHER COMMUNITY ORGANIZATIONS THROUGH EXPANSIVE NETWORK 25 CLINICS STRONG IN LOS ANGELES COUNTY AND SURROUNDING REGIONS

Kids & Teens Medical Group Founder, Dr. Janesri De Silva, a Delegate to the California Medical Association, Contributes Influence on Important Policies for Change as Part of Ongoing Mission for Advancing Health Equity in the Community

(Los Angeles, CA) – Under the leadership of its esteemed founder, [Janesri De Silva, MD, FAAP](#), a board-certified pediatrician and healthcare leader, the Kids & Teens Medical Group has grown into Southern California's largest independent pediatric [network](#) making a difference in children's wellness.

A delegate to the California Medical Association, Dr. De Silva leverages her continued advocacy in the community through her influential vote on key issues and policies for change.

Representing excellence in care, Kids & Teens Medical Group will be participating as a Tier 1 partner at USC's Health Benefits Fair on October 6.

Serving children and families throughout Los Angeles County, "Our organization has achieved so much since its inception and we look forward to doing even more so every child in every community receives the attention and treatment they deserve," states Dr. De Silva.

L.A. Care individually recognized her commitment to outstanding care this year with the Social Determinants of Health Award. Kids & Teens Medical Group was further honored by L.A. Care in 2024 with the Health Equity Award, in recognition of its demonstrable work in reducing healthcare disparities and improving outcomes for vulnerable populations.

Since founding the organization in 2007, Dr. De Silva has continued her dedication to advancing health equity, preventive care, and improving access for underserved communities. Under her stewardship, the organization has developed innovative programs focused on community outreach, care coordination, and culturally responsive healthcare delivery.

This further includes initiatives in Sri Lanka, from which Dr. De Silva is a native, as part of her ongoing effort to bring medical attention and support to communities with limited access to care.

Wielding her lifelong commitment, Dr. De Silva underscores, “We are dedicated to ensuring that every child has the opportunity to thrive regardless of socioeconomic background.”

The Kids & Teens Medical Group further offers a convenient [Telehealth](#) service for remote medical consultations wherever the family is—providing direct access to board-certified pediatricians from the comfort of one’s couch.

The Kids & Teens Medical Group has expanded its highly revered pediatric care across 25 clinic locations throughout Los Angeles and surrounding regions; further establishing why the organization is the largest pediatric medical network in Southern California: *Agoura Hills, Arcadia, Beverly Hills, Camarillo, Canyon Country, Culver City, Downey, Glendale, Hollywood, La Cañada, La Mirada, Mission Hills, Northridge, Pasadena, Pico Rivera, San Fernando, San Pedro, Santa Monica, Tarzana, Torrance, Valencia, Van Nuys, West Hills, and Whittier; including its Telehealth service.*

Janesri De Silva, MD, FAAP Biography

Janesri De Silva, MD, FAAP, is a board-certified pediatrician, healthcare leader, and the esteemed founder of the **Kids & Teens Medical Group**, *Southern California's largest independent pediatric [network](#) making a difference in children's health since 2007.* She is also a delegate to the California Medical Association, where her influential vote on key issues and policies for change is part of her ongoing contribution and advocacy in the community.

Celebrating her excellence in care, Dr. De Silva was individually recognized by L.A. Care in 2026 with the Social Determinants of Health Award for her commitment to outstanding care, serving children and families throughout Los Angeles County.

The Kids & Teens Medical Group was honored by L.A. Care in 2024 with the Health Equity Award, in recognition of its commitment to reducing healthcare disparities and improving outcomes for vulnerable populations.

Dr. De Silva is honored to partner with L.A. Care and other community organizations, further including USC as a Tier 1 partner with its Health Benefits Plan—where the Kids & Teens Medical Group will be participating at its Health Fair on October 6.

Since founding the organization in 2007, Dr. De Silva has continued her dedication to advancing health equity, preventive care, and improving access for underserved communities.

The Kids & Teens Medical Group has expanded its high-quality pediatric care across 25 clinic locations throughout Los Angeles and surrounding regions.

Under her leadership, the organization has developed innovative programs focused on community outreach, care coordination, and culturally responsive healthcare delivery.

In addition to her clinical and executive leadership roles, Dr. De Silva has further served in hospital upper-management positions; where she mentored future healthcare professionals, and championed initiatives to improve health outcomes for children and families. Her notable body of work in the medical field represents a lifelong commitment to ensuring that every child has the opportunity to thrive regardless of socioeconomic background.

A native of Sri Lanka, Dr. De Silva has also launched a series of initiatives in her homeland as part of her effort and ongoing commitment to bringing medical attention and support to communities with limited access to care.

For keynote speaker interest, Dr. De Silva is available to join right-fit events where her continuous mission for advancing health equity in the community can be shared. Organizations planning their next event are invited to get in touch.

Services

The largest pediatric medical group in Southern California, making a difference in children's healthcare throughout its widespread [network](#) of 25 locations, including Telehealth.

**Finding a clinic close to home,
from the Valley to the South Bay
has never been easier or more convenient.**

Attentive. Compassionate. Diversified. Primary Pediatric Care Close to Where the Heart Is

Kids & Teens Medical Group provides the highest quality of general pediatric care, with a team of 61 board-certified pediatricians using an integrated and evidence-based approach to care with a focus on child health and well-being. Providing diagnosis and treatment for common pediatric health conditions, including asthma, autism, and allergies.

The KTMG practice specializes in newborn care, well-child exams, sick visits, adolescent medicine, and pediatric infectious disease; further providing vaccinations, sports and school physicals, and nutritional services. After-hours services are also available, including [Telehealth](#) for remote appointments.

Preventive & Wellness Care

[Well-Child Exam](#)

The hospital is managed and operated by Kids & Teens Pediatric Medical Group, USA.

**Insurance Solutions
Across Sri Lanka**

ACIG – Asiacorp Insurance Brokers

Health Insurance, Life Insurance, Corporate Insurance

Administrative and outsourcing partners that keep the Network running smoothly. An insurance brokerage offering tailored health, life, and corporate insurance solutions for individuals and businesses in Sri Lanka.

Foundation

The Kids & Teens Medical Group Foundation is a multi-faceted initiative providing critical medical care to those in need, opportunities to those who want to pursue medicine, and empowering education so every family can act on conditions that are easily treated and prevented at home through the following programs.

- **Free Clinic Days & Continued Care**

Monthly free clinic days at KTMG's busiest locations for families with little or no medical coverage, plus continued low-cost follow-up care.

- **Mentorship**

A mentorship program pairing medical professionals with students ages 18 to 24 who are pursuing or considering a career in medicine.

- **Community & Educational Outreach**

Working with local governments and organizations to improve school health education and community wellbeing.

- **Internship Opportunities**

Internship and job opportunities for lower-income students transitioning from education into the workforce.

- **Scholarships**

Home of the Janesri and Sunil De Silva Scholarship, awarded annually to students pursuing pre-med, biology, chemistry, or related fields.

- **Preventive Health Screenings**

Early detection of health issues through regular screenings for vision, hearing, dental, and nutrition, reducing long-term healthcare costs.

- **Student Mental Wellness**

On-campus counseling and mental health support programs that improve academic performance, reduce absenteeism, and build resilience.

Sri Lanka Initiatives

Actively Underway by

Kids & Teens Medical Group

- **Medical Missions**

A planned medical mission to Negombo, Sri Lanka, with partner Saint Joseph Hospital, bringing doctors to communities with limited access to care. *Stay tuned for date to be announced.*

- **Transforming School Wellness in Sri Lanka**

Converting and managing wellness centers at leading Negombo schools, bringing world-class pediatric care to students who need it most.

- **The St Pope 6th Maha Vidyalaya at Katana School Project**

Sanitation developments are underway to make basic facilities functional at this local school, with the availability of pure drinking water for its students.

- **International Healthcare Standards**

Bringing US-trained pediatric expertise and evidence-based protocols to Sri Lanka, elevating the quality of school-based healthcare.

- **Community Health Impact**

Wellness centers serve not just students but entire families, creating a ripple effect of health literacy and preventive care across Negombo.

Telehealth

Kids & Teens Medical Group offers health care services seven days a week, including after-hours care and extended evening appointments through its Telehealth service.

PROVIDING CONVENIENCE

Remote Medical Consultations

From Wherever Home Is

Through its Telehealth Service, the Kids & Teens Medical Group provides access to its pediatricians from the comfort of one's couch.

*Another reason why KTMG is the No. 1
Pediatric Medical Group in Los Angeles*

Telehealth visits enable the patient to connect with a board-certified pediatrician remotely through a secure virtual platform, without needing to leave home.

Pediatricians can evaluate concerns, offer medical advice, and provide treatment recommendations with the same care and attention as an in-person visit. It's a flexible option for busy families or when getting to a clinic is not always possible.
