

Janesri De Silva, MD, FAAP Biography

Janesri De Silva, MD, FAAP, is a board-certified pediatrician, healthcare leader, and the esteemed founder of the **Kids & Teens Medical Group**, *Southern California's largest independent pediatric [network](#) making a difference in children's health since 2007.* She is also a delegate to the California Medical Association, where her influential vote on key issues and policies for change is part of her ongoing contribution and advocacy in the community.

Celebrating her excellence in care, Dr. De Silva was individually recognized by L.A. Care in 2026 with the Social Determinants of Health Award for her commitment to outstanding care, serving children and families throughout Los Angeles County.

The Kids & Teens Medical Group was honored by L.A. Care in 2024 with the Health Equity Award, in recognition of its commitment to reducing healthcare disparities and improving outcomes for vulnerable populations.

Dr. De Silva is honored to partner with L.A. Care and other community organizations, further including USC as a Tier 1 partner with its Health Benefits Plan—where the Kids & Teens Medical Group will be participating at its Health Fair on October 6.

Since founding the organization in 2007, Dr. De Silva has continued her dedication to advancing health equity, preventive care, and improving access for underserved communities.

The Kids & Teens Medical Group has expanded its high-quality pediatric care across 25 clinic locations throughout Los Angeles and surrounding regions.

Under her leadership, the organization has developed innovative programs focused on community outreach, care coordination, and culturally responsive healthcare delivery.

In addition to her clinical and executive leadership roles, Dr. De Silva has further served in hospital upper-management positions; where she mentored future healthcare professionals, and championed initiatives to improve health outcomes for children and families. Her notable body of work in the medical field represents a lifelong commitment to ensuring that every child has the opportunity to thrive regardless of socioeconomic background.

A native of Sri Lanka, Dr. De Silva has also launched a series of initiatives in her homeland as part of her effort and ongoing commitment to bringing medical attention and support to communities with limited access to care.

For keynote speaker interest, Dr. De Silva is available to join right-fit events where her continuous mission for advancing health equity in the community can be shared. Organizations planning their next event are invited to get in touch.
